About Us

## About Us

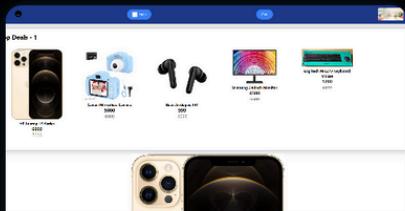

### My Philosophy: Code that matters.

My name is **VIDHYA SAGAR KUSHWAHA**. I am a passionate Full-Stack Developer with 1 year of experience focusing on building clean, efficient, and user-centric web applications. My goal is to transform complex problems into elegant, scalable software solutions.

Currently, I am seeking opportunities where I can utilize my expertise in the MERN stack and contribute to meaningful projects. When I'm not coding, I enjoy contributing to open source, learning new technologies, and reading tech blogs.
